

Paterson, ~~xxxxxxx~~  
3-13-1958.

Dear John,

I thought it may interest you that recently Dr. Dimo Tskhondia arrived to the U.S.A. and he settled down here in Paterson, for good. I have spend few hours with him and his wife on 3-6-1958 at that time I learned from him followings:

Short before his departure from Beirut, Lebanon, they were invited by a Russian family Mr. & Mrs. Rongi, where appeared suddenly one of Mr. Wrangels employees his name: George Cichenati, whom they asked if I wrote to him letter after my return to the U.S.A. reply was no.

Next morning Dr. Dimo and his wife were asked by Mr. Wrangels driver to come to Tolstoy Foundation office, as requested by Mr. Wrangel, so they went, upon their arrival at Tolstoy foundation office Mr. Wrangel meet them at the door and asked them in his office, where he started asking them questions, if they invited me while I was in Beirut, last time they told him yes, than Mr. Wrangel, asked them if they knew that I am a Soviet agent and so on.

Dr. Dimo and his wife informed Mr. Wrangel, when I was at their apartment in Beirut, they asked me many different questions regarding life and conditions in America, and that I was saying to them and to anyone who was at the times present that life is here very good and so on, and they could not notice any pro soviet prising and that in contrary I was always speaking against soviets and their way of living and so on. Than Mr. Wrangel, told them that will be very danger for them if they will mention in any place my name as good and even they maybe deported from United States, therefore he would liked to worn them as old friends.

Mrs. Dimo then told him that he should not worry about them as they are positively sure of my anti-soviet ideas, and if Mr. Wrangel, has such informations they are fabricate ones by those who is jealous of me like as his employee Mr. George Cichenati, whos brother inlaw want back to soviet Russia in 1949, and another brother in law who is at present resident in Syria, applied for soviet citizenship, and who has very close relationship with some soviet officials, now injoying full protection of Tolstoy foundation in Beirut, due the influence and full control over Mr. Wrangel by above mentioned employee and they are trying to black any person of whom they are sure that strongly anti-soviet element.

Really it appears that poor man and his wife had hard time from Mr. Wrangel, for no reason, after all I do not think he has such rights as frightened them, warning them a word of Mr. Wrangel may deport them or anybody else from U.S.A. I wish I was able to express myself freely in English, so you could understand all what they explained me. By the way after they finished everything just I told them that it quite possible, that Mr. Wrangel become metally ill, just to hide my angreness.

With my kind regards to you and your wife.

Sincerely yours,

*Imkhondia*
